**The Spectrum Volleyball Club** was created to provide an opportunity for aspiring volleyball players to get the training they need to help them accomplish their goals in the sport. However small or big that goal may be. We have been beginners in the sport, we have been professionals in the sport, and we can help a player go as far as they are able to go. Spectrum was founded in 2001 by former U.S. National Team member Chris Harger. Over the years Chris Harger and his coaches have established a highly respected club in the community, and the Southern California Volleyball Association (SCVA). Spectrum's coaching has contributed to the success of many of the area's top volleyball players. Our junior club program offers boys and girls the opportunity to get quality instruction from high level coaches that may not be available to them at their local schools. Our teams over the year will have an opportunity to compete with clubs throughout Southern California, the U.S., Mexico, and Puerto Rico. Spectrum's players gain valuable experience throughout the course of a club season, and improve all aspects of their game. Our players graduate with the knowledge, confidence, and skill they need to help them succeed in today's very competitive volleyball community.
